**Approving Official and Date:**

[REDACTED]  
Special Agent in Charge  
25-JUL-2017, Approved by: [REDACTED]  
Acting Assistant Special Agent in Charge

**SYNOPSIS**

On July 19, 2017, SA [REDACTED] conducted surveillance of the Port Imperial Marina in Weehawken, New Jersey, via unmarked boat.

**DETAILS**

On July 19, 2017, at approximately 9:00 p.m., Special Agent (SA) [REDACTED], Environmental Protection Agency (EPA), Criminal Investigation Division (CID) conducted surveillance of the Port Imperial Marina in Weehawken, NJ via boat. SA [REDACTED] was taken out on an unmarked Department of Environmental Conservation (DEC) boat, with the assistance of DEC Officers [REDACTED]. SA [REDACTED] took pictures and video. Officer [REDACTED] and SA [REDACTED] took turns using a night vision monocular in order to see the boats and dock more clearly.

During the surveillance SA [REDACTED] observed ferry boats docked at the Port Imperial maintenance dock and several ferry boats in transit. The Port Imperial maintenance dock is located at 1500 Avenue at Port Imperial, just south of the main ferry terminal located at 4800 Avenue at Port Imperial. SA [REDACTED] observed the Thomas Kean, New Jersey and the Abraham Lincoln docked near the maintenance docks next to Molos Restaurant. The Brooklyn, Thomas Jefferson and the Hoboken were traveling to and/or from the marina.

During surveillance there was little movement seen on the docked ferry boats. There was one man seen standing near the back of one of the boats tied up at the work dock. At approximately 10:15 p.m. until 10:22 p.m., another person was seen walking through one of the boats with a flashlight. At approximately 10:50 p.m., surveillance was terminated.

The pictures and videos taken during surveillance will be downloaded onto a CD labeled, "Master" by SA [REDACTED]. The Master CD will be maintained and stored in the NYAO evidence room. A chain of custody will be generated accordingly.
